LOCAL STORE UNIONIZED BY CLERKS

Now Ten Women in Clerks' Union—Some Men Not Affiliated—Must Join Local.

The girls employed as clerks by the Jones & Adkison store last night sent their applications and initiation fees to the Clerks' Union. With the applications they also sent their first month's dues.

There are now ten women affiliated with the organization.

Officials of the union were confident from the start of the eventual initiation of the local women clerks and believe that the two establishments still holding out will answer the citation issued for them and will come into the union fold in preference to being placed under boycott.

It was announced at the meeting of the union last night that there are six or eight male clerks in Richmond unaffiliated with the union. These men are newcomers in the city. They will be forced to join the union within the next week.

A few members are behind in their dues and as all efforts that have been made to collect from them have been in vain, drastic action has been decided upon and if the delinquent members do not pay up they will be expelled from the union and deprivel of their union cards.

The Clerks' Union has irawn up its wage scale and working agreement for the next twelve months and will give copies of it to the merchants of Richmond next Monday.

In accordance with this agreement all grocery stores must close at 6 p. m., except the night previous to holidays and Saturday nights, when 9 o'clock will be the closing hour.

All gents' furnishing, dry goods, hardware and furniture stores must close at 7 p. m., and close at 8 o'clock Standard Oil and Santa Fe nights, except Saturday nights and nights previous to holidays, when 10 o'clock will be the closing hour.

Ten hours shall constitute a day's work, including taking care of horse and automobiles. All clerks working over 10 hours must be paid time and one-half overtime.

All these conditions were provided for in the agreement for 1914.

DIVERS REPAIR GALE DAMAGE

Two divers from San Francisco were busily engaged yesterday in repairing the valves and pipes of the salt water system intake of the Standard Oil refinery. The intake pipes located at the bend of Long wharf were put out of commission by the big storm of Tuesday morning, making the work of the divers necessary.

Much of the rock filling of the wharf was also torn away by the storm, and is now being replaced.

MAN STABBED WITH SCISSORS, ASKS FOR AID

Tried to Kidnap Child? Punch Is Cause of Suit

Did J. H. Hopkins try to kidnap his own daughter? That question will be answered when the complicated case of alleged battery which J. H. Hopkins, San Pablo interurban street car conductor, preferred against Peter Dooling, contracting teamster, is threshed out Tuesday morning in Judge Lindsay's court. Hopkins asserts that Dooling struck him Friday afternoon, Jan. 22, when he (Hopkins) refused to deliver his little 7-year-old daughter, Venus Bernardine Hopkins, over to Dooling, her uncle.

Hopkins was separated from his wife, a sister of Peter Dooling, and the custody of the child was awarded Mrs. Hopkins. Mrs. Hopkins has been away on a visit, and on a charge of neglect, Humane Officer D. W. Calfee advised Hopkins to care for the little girl. So when the girl got on her way to the Dooling home in San Pablo, Friday afternoon, he decided to take charge of her.

When the car stopped in San Pablo near the Dooling home, Peter Dooling was there waiting for the little girl. Hopkins refused to let her leave the car. Dooling declared he was trying to kidnap her, it is said, and boarded the car after her. That was when, it is alleged, Dooling took a swipe at Hopkins, and that is the reason Hopkins is suing his brother-in-law.

COSTLY MUD: PRICE $34,000

OYSTER CO., ENJOINS THE CITY

Superior Judge Latimer yesterday granted the Bay Counties Land Co. a temporary restraining order which stops the dredging being done for the city of Richmond by the Richmond Dredging Co. on the inner harbor.

The restraining order is in effect until Monday, when the land company's suit for an injunction will be heard.

The Bay Counties Land Co. a subsidiary of the Morgan Oyster Co., alleges in the suit that it owns the tide lands through which a portion of the channel is being dredged.

It also asks for $34,000 damage for the mud that has been dredged in the last few weeks. The suit alleges that the mud has been used to fill in property belonging to Henry Cutting.

City Attorney Hall said last night that the suit was rather a friendly one than otherwise and was instituted to formally settle definitely the title of the tide lands.

GATHER EVIDENCE OF FRAUD

The first meeting of the finance committee of the city council on the city printing investigation was held yesterday afternoon in the city hall. City Attorney Hall and Auditor McVittie werep resent.

Minutes of council meetings and city records were looked over preliminary to the probe into the Record-Herald's method of doing business.

It was discovered that the only specifications in existence prior to those of 1915 are those of 1911, which called for six-point type.

Council minutes proved that these specifications were in effect since that time, the council merely renewing the contract and referring to "specifications on file in the office of the city clerk" and providing that those specifications were to be just as much in effect as if they were entirely reprinted.

The specifications of 1915 are identical to those of 1911. These findings the committee recorded.

The findings of yesterday's meeting of the committee delegated by the city council to go to the bottom of the Richmond printing scandal absolutely confirm the charges made by the Daily News.

The committee will meet again Saturday.

BOND ADMITS CRIME TO CHIEF

Salesman Charged With Theft of Jewelry, Is Brought to Richmond.

It will not be a difficult matter to obtain a conviction against Jack Bond, former local jewelry salesman, who is charged with burglary. Bond confessed the theft of jewelry to Chief of Police Walker last night, stating he has taken watches, a diamond ring and a diamond stickpin from the offices of the Richmond Jewelry Co. in February, 1912. The total value of the jewelry stolen, Bond estimates at about $400.

Since he left Richmond, a fugitive from justice, two years ago, life's pathway has not been an easy one for Bond. Because of his fear that he would some day be arrested and charged with burglary, he was unable to hold a position anay length of time.

When taken into custody in Chico he was planning to hobo his way out of that city. In Northern California he went under the name of Jack Westerfield.

Albert Nichols formerly one of the proprietors of the Richmond Jewelry Co., who recognized Bond at the Southern Pacific depot in Chico, claims he dreamed the night before that he would find Bond.

Nichols was visiting a brother in Chico. He will be the complaining witness when Bond's case is brought up in court.

She claims, in addition to the allegations that Percy threw a shoe at her, and that he bit her on the arm.

Percy is still under suspension by Chief Walker.

WHY THE A. F. OF L. WAS FOR THE LITERACY TEST.

Late yesterday afternoon Congress killed the Burnett immigration bill, vetoed by President Wilson. Prior to the veto it had passed both houses by large majorities.

Organized Labor made a hard fight for the passage of this law. Several days ago Secretary Morrison of the A. F. of L. at a public hearing in the White House, urged the President to sign the bill.

In defense of the literacy test clause he said that the literacy test is the most practical means of restricting the present immigration of cheap labor, whose competition is so ruinous to the workers already here, whether native or foreign.

"The organized wage workers have declared in favor of restriction of immigration to maintain unlowered the American standard of life," said Mr. Morrison. "Those who oppose restriction are representatives of companies and associations composed of employers of labor whose dominant interest is the dollar, and associations that depend for their existence upon contributions from the employing class.

"They feel that a reduction of immigration will result in a higher wage for their workers, which will disturb the profits and dividends from products manufactured by them, or, perhaps, they have been informed that if the steamship companies do not receive $60,000,000 a year for transporting aliens, they will raise their freight rates.

"This reason will account in a great measure for the opposition of societies of various nationalities composed wholly or partly of business men, and the attorneys of business men. Restriction may interfere with their profits.

"With them it is always the dollar—with never a thought for the success or comfort of our millions of wage workers, or the hundreds of thousands who are continuously without sustaining employment. The steamship companies' interest in immigration is the $60,000,000 or more a year collected by them for carrying aliens to and from our shores. These companies have no interest in the welfare of our people. Their interest is in the dollars they collect.

"We oppose any attempt to lower the standards of American life. We want to raise them, and we are opposed to the exploitation of millions of aliens with its attending evils to swell the profits of the steamship companies, even if it adds to the resources of those companies $60,000,000 a year, even if it enables the United States Steel Trust to pay dividends and interest on $400,000,000 of stocks and bonds, which never cost that company one cent.

"I wish to call your attention to the fact that industry is protected by a tariff, but labor is not; that the products of labor are protected, but we have a free flow of labor coming to our shores all the time; that the manufacturers have protection against products manufactured by cheap labor in foreign countries, but labor has no protection against the importation of cheap labor.

"The opponents of this measure say that if the products of labor are protected, then labor itself must be benefited, because the manufacturer can sell the products at a much higher price than can be obtained in other countries and will be in a position to pay higher wages to his employes. The protected manufacturer does receive a higher price than the products can be sold for in other countries, and the second contention—that they are thus made able to pay higher wages to their employes—is also true, but the fact is they do not pay higher wages. They pay lower wages."

DEBS MEETING NEXT SUNDAY

Eugene V. Debs, four times the presidential candidate for the Socialist party, will lecture in Oakland on Sunday evening, Feb. 7, at Piedmont Pavilion.

Mr. Debs first became prominent for his work in organizing various railway unions, the most important of which was the American Railway Union in 1893. The following year this union won the Great Northern strike. During the famous Pullman strike which followed soon after Debs was imprisoned for six months in Woodstock jail. While there he was visited by Victor Berger, ex-Socialist Congressman, and converted to belief in the doctrines of Socialism. In 1897 the American Railway Union was changed into the Social Democratic party, but it was not until 1899 that Mr. Debs organized the present Socialist party.

He became the candidate at the ensuing election, receiving about 100,000 votes. He was renominated the three times following, thus going Bryan one better. In 1912 he received in the neighborhood of a million votes.

The meeting is to be given under the auspices of the Young People's Socialist League of Alameda.

ORGANIZED LABOR

TO ASK BAIL FOR UNION MINERS

WALZENBURG, Colo., Feb. 4.—Counsel for the union coal miners in jail here on indictments returned by the grand jury, which investigated disorders in Huerfano county in the recent strike, announced today that they would make application on Monday to the district court for release of the prisoners on bail.

Leonard Collins, a miner, was arrested late last night. He was the eleventh man to be taken into custody following the return of grand jury indictments, the details of which were not made public.

UNION HONORS PAST PRESIDENT

At the last regular meeting of Plumbers' Union No. 310, Past President W. D. J. Evans was presented with a jewel in recognition of his services to the local. The jewel was made by O. A. Poulsen, the jeweler.

AID MEMBERS OF HATTERS' UNION

Sympathy for members of the International Hatters' Union, who have been hard hit by the recent decision of the U. S. Supreme Court in the Danbury Hatters case, will likely make a number of the San Francisco unions lonate liberal sums to aid them in paying their fines. The first union to make a donation is the Laundry Workers. The aggregate amount assessed against the Hatters by the Supreme Court is about a quarter of a million, and many of those fined are unable to pay.

JOHN D. ACCUSED BY LEADER OF WORKERS

NEW YORK, Feb. 4.—"Rockefeller, who appears to the world in the relief afforded Belgium as a liberal benefactor, stands convicted before the workers of Colorado as a narrowly biased and visionless money maker," declared Edw. P. Costigan, counsel for the United Mine Workers, before the Industrial Relations Commission today.

"In a great human crisis precipitated within the very household, industrially speaking, of Rockefeller, his Foundation has been heedless or impotent. And the conclusion forced on the public has been and is that Rockefeller, the business man, has cold-heartedly and without hesitation brushed aside and imposed silence on Rockefeller, the philanthropist."

ABSOLUTELY LATEST FORD YARN.

Harry Benham, the "handsome Harry" of the movie world, recently won a Ford runabout in a popularity contest. In a facetious mood he telegraphed to send the car by parcel post, and the senders acted on the instructions.

Benham is going to form a stock company to pay the charges and release the machine from the New Rochelle postoffice.

Then all he has to do is to put the 1,000,001 parts together and—

SENIOR ENGLISH DEBATE ON PHILIPPINE FREEDOM TO BE GIVEN BEFORE SCHOOL

A debate that is expected to open a new era in debating at the local high school has been arranged for. The proposition will probably be worded as follows: "Resolved, that the Philippine Islands should be given their independence immediately." A tentative date has been set for Friday, Feb. 12, at which time the debate will be given before the student body. It will be a non-decision debate.

All of the debaters are from the Senior English class, and the sides will be composed as follows: Affirmative, Joe Sharp, Philip Angell and Rose Little; negative, Walter Hoffman, William Stewart and Valera McLarney.

* * *

Two further items were entered in the budget yesterday afternoon at a meeting of the student body. About a 14 per cent allotment was made of the general funds for girls' basketball and miscellaneous, respectively. Probably no more items will be entered and the budget will be closed and the various funds established pro rata.

* * *

Some of the prominent members of the school have expressed themselves as being in favor of a Valentine party. Everybody would probably favor it, but ways and means seem difficult.

* * *

Theodore Madson, superintendent of the commercial department, was absent from school yesterday, being detained in bed by a severe attack of la grippe.

WASHINGTON, Feb. 4.—The Burnett-Fillingham immigration bill was killed in the House this afternoon, when supporters of the measure failed to muster the two-thirds vote necessary to carry it over the President's veto. Union men of the country generally were in favor of the bill and the President was deluged with requests to sign it.

MASS AT CHURCH.

Yesterday was St. Blaise's Day and there were appropriate services at St. Mark's Catholic church. Mass was celebrated at 9 o'clock.

BARACA CLASS PLANS CONTEST

Business and pleasure were combined at the regular meeting of the Baraca class of the Wesley Methodist church, held last night at the home of Mr. and Mrs. W. A. Jones at Ninth and Macdonald. It was decided to start a membership contest, which will last four months. The class membership will be divided into two sides, the "Red" and "White." E. E. Garrard will be the leader of the whites and M. A. Hornberg has been chosen leader of the reds. The losing side will provide a banquet for the winners.

A committee composed of R. M. Washburn, Ed Cochran and J. O. Young was appointed to act in conjunction with the Philathea class of the Wesley church in arranging a reception in honor of the classes of the Shattuck avenue church of Berkeley.

At last night's meeting a program was rendered as follows: Solo, W. C. Bryant; solo, Ed. Cochran; reading, A. Hornberg. Four new members were taken into the society. Refreshments were served by the hostess.

Those present were R. Pennington, J. O. Young, Ed Cochran, W. C. Bryant, A. Hornberg, G. E. Shurte, Ed Bloomquist, W. Hoskings, R. N. Russell, W. G. Long, E. Kates, R. M. Washburn, L. Cameron, Percy Jones, Ross Jones, Mr. and Mrs. W. A. Jones and Mueraine Jones.

ADS ARE POPULAR READING.

A newspaper's information als so varied it contains news to suit everyone. Some years ago a person who read the ads in a newspaper or magazine was considered odd, and it is true the ads were crude, the articles advertised often being out of season or of a style and texture entirely out of fashion. But now it is different. Advertising furnishes the most interesting reading matter in the newspaper. It is instructive, teaching the public how to reduce the cost of living and at the same time get the best standard goods.

BOSSES ELEPHANTS, BUT RUNS FROM MICE

Julia Power

Julia Power lands on top of the first table in sight when she sees a mouse, but if it's an elephant she meets it's different. Elephants are Miss Power's best friends. She has grown up with them since babyhood, and now she's one of the best known women elephant trainers in America.

Miss Power is only 16 years old. She has assisted her father, W. W. Power, the well-known trainer, ever since she was a tiny girl, and now she is as fearless in the animal ring of a circus as he is.

EISENBERG SHOE STORE IS IMPROVED.

Eisenberg Brothers, who some time ago bought the National Shoe Co., 619 Macdonald, have remodeled the interior of their store and put in attractive modern show windows. Messrs. Eisenberg expressed themselves as more than pleased with the shoe business they have done since locating in Richmond, and have ordered lareg new stocks for spring trade. They anticipate a great demand for their popular line of $2.50 shoes.

"It's No Laughing Matter," with Maclyn Arbuckle in the leading role, opens at the Richmond theater today for a two days' run. This is one of the best comedy dramas ever presented before a motion picture screen. Arbuckle takes the role of the village philosopher with a laugh always on tap just as the audience is ready to weep. He is the big, jolly fellow of the village with a joke and a good word for everyone. But his wife does not like the aversion that her husband has to the woodpile.

How his pretty daughter writes verses for the newspaper and makes enough money to pay off the mortgage on the old home and "save the day" is one of the pretty incidents of the drama.

"Fatty's Debut" is a lively Keystone comedy that makes today's and tomorrow's offering a genuine laughter session.

Manager De Lorme announces a big novelty for Sunday in a Punch and Judy number. This is something entirely new and will amuse the old as well as the young.

THE SPORT LOG BOOK

DEVEREAUX WILL ACT FOR LUCE AT MEETING

Because of the inability of Manager Bill Luce of the Elks to attend the meeting of the State League magnates in Stockton day after tomorrow, "Brick" Devereaux, captain of the Elks, has been delegated to act as Luce's proxy at the meeting.

In selecting Devereaux to act for him, Luce knows that Richmond will have a man in attendance at the confab who will be able to match his wits and cope with the other baseball magnates present when matters of importance come up for consideration.

Bestie the local representative, Alameda, Oakland, Modesto, Stockton, San Jose and Vallejo will be represented.

Sacramento is also expected to have a man present who will explain the baseball situation in the Capital City.

There is a great argument on in Frisco as to who was the real discoverer of Harry Heilman, new Seal first sacker, who was bought from Detroit by Wolverton. We suggest that Heilman is the one most responsible for his success in professional baseball. We don't know who discovered Heilman, but we do know we have discovered that some of the leading baseball lights across the bay are making much ado about nothing.

DOES THIS MAKE YOU FEEL SORE?

See if this alleged piece of biting sarcasm, hot off the typewriter of the so-called sporting editor of the S. F. Daily News, will make you mad:

"When the State League was organized recently in Richmond, which town is trying to kid itself into being a big league city, a clause to the effect that no agreement with the Pacific Coast League would be affected was inserted in that league's constitution. It's to laugh. The Pacific Coast League had one experience with a State League, said experience costing in the neighborhood of $50,000, and the State Leaguers should not trouble themselves about the Coast League. They have played with fire so to speak, once before and learned their lesson."

SPORTING GOULASH

Bill Menges, former Oakland high school boy, who was with the Oakland Coast League Club last year, has been farmed out to a Northwestern League club, where Christian wants him to get a little seasoning.

* * *

Pat O'Hara (no kin of Neeley's) will not play in Vallejo this season. O'Hara is a member of the University of California nine. The varsity schedule from now on calls for about four games a week, and O'Hara will be too busy to affiliate with the club of the home burg.

O'HARA BOOSTER FOR HIS "HUM" VILLAGE

"Connie" O'Hara is one local fan who is anxious to see Lou Schroeder's hope that things will shape themselves up in Vallejo so that the Navy Yard city will have a team in the State League realized. Possibly O'Hara is prejudiced in Vallejo's favor. He lived there the major portion of his life before coming to a real city.

O'Hara keeps in close touch with the sporting activities of his home town. He is of the opinion that if the Gillin grounds, located in the heart of Vallejo are secured for a ball park, the game will be followed in Vallejo in the future as largely as ring activities were in the past.

O'Hara declares that the business men of Vallejo will get behind the baseball movement morally and financially if the Gillin grounds are secured.

CONCORD FANS TO ATTEND SWAIN BENEFIT

Special to the News.

CONCORD, Feb. 4.—Concord fans by the score will attend the game between the All Star Coast League team and the All Star Nationals in San Francisco Sunday afternoon, the proceeds of which will go to Charley Swain.

Swain has played many games in Concord and was popular with all the fans here. Arrangements for an excursion train are being made by Cliff Ireland of Ireland's Independents.

Swain formerly played with the Sacramento Club of the Coast League. He met with an accident several weeks ago that necessitated the amputation of one of his limbs.

Not to be outdone by Harry Wolverton, Tyler Christian, manager of the Oakland Coast Leaguers, has secured a big league star in the person of "Scotty" Alcock, who has been with the White Sox.

Some day you will get old and too feeble to work. You will have lots of time to read, and if you wish to be sure of having good eyesight then, you must begin to take proper precautions NOW. Get your eyes examined today by Dr. C. R. Blake.

Bill Culver of Vallejo, who pastimed in the Trolley League last year, has signed up with the Port Costa Club. Culver is reported to be in good shape and he should have a good season.

LEASE GRAND CANYON PARK

By a lease signed in this city yesterday between the Downer Land Company and W. (Bud) Wright, cigar dealer, and W. H. The new lessees plan to make improvements to the park before throwing it open to the public.

TO PUT ON WORK AT BAY POINT.

Following a regular business meeting of the Richmond Rebekahs in W. O. W. Hall last night, a dainty banquet was served. The drill team of the order practiced hard for the degree work which the local lodge will put on for the Bay Point lodge in that city March 6.

Richmond Rebekahs are planning to attend the whist party to be given by the Odd Fellows' Hall Association in Fraternal Hall, Feb. 12.

The committee for last night's banquet was Mrs. E. G. Alexander, Mrs. L. Cobb, Mrs. M. Phillips, Mrs. R. E. Redmond, Mrs. R. E. Ramsey and C. H. Jungstrom.

GROWING ENGLISH ORDER HOLDS BIG MEETING: INITIATE ONE

The Sons of St. George at their last meeting initiated one new member. Several more are now ready to become membrs of the organization, which is fast becoming one of the strongest fraternal societies in the city.

A dinner was served after the meeting. The dinner was presided over by J. Arnold. The toasts of the evening were: "The King," responded to by Jack Holliday; "President of the United States," response by Frank Roberts; "Order of the Sons of St. George," by H. K. Marten. The dinner was followed by songs, sung by several of the members. The order extends a welcome to all Englishmen or sons of English parentage. It meets every Wednesday evening in the Pillow building.
